GENERAL INFORMATION

Parents who are blessed with bright boys and girls are urged to come to Wingate. We invite comparison with other schools in the matter of expense, convenience, and health conditions. In fact a more desirable place for a school—taking everything into consideration—could hardly be found. Move to Wingate and become a citizen of a community whose watchword is "Education."

Wingate has much to offer the man who is interested in education. The Executive Committee of the Board of Trustees and the Principal of the school are at your service for any information along this line.

HISTORY

The Wingate School was established in accordance with a resolution passed by the Union Baptist Association at its annual session in October, 1895, for the higher intellectual, moral and religious training of the boys and girls of the Association and surrounding country. A Board of Trustees consisting of J. W. Bivens, Rev. Hight C. Moore, O. M. Sanders, M. W. Griffin, J. C. Sikes, B. F. Parker and R. F. Beasley, were appointed to secure a suitable location within the bounds of the Association, and to establish there a school of high grade, which should be owned by the Association, and conducted under Christian influences.

The Association, at its annual session in 1896, established a Board of Trustees, consisting of fifteen members, to be selected from the various churches of the Association, each to serve a term of six years, and five to be elected by the Association every two years. The Legislature of North Carolina, in 1897, granted to the school a charter which secures to it all the protection and privileges that are usually granted to a college.

At first a three-room building housed the school, and in this Professor M. B. Dry laid the foundation for an institution that compares favorably with the best. In a few years the growth of the school demanded more room, and five rooms, including two society halls, were added. After some years of progress Professor B. Y. Tyner became principal, and with the trustees, planned the present commodious brick building. Each time the growth of the school called for any change in the building, the local community came loyally and liberally to the support of the school. Many loyal friends at a distance have stood by the institution.

In the year 1912, the Mecklenburg and Cabarrus, the Pee Dee, and the Anson joined the Union Association in the ownership of

this splendid institution. This was a needed growth in territory, all of which should be reached and influenced by the Wingate School.

There is another bright page in its history which can be seen only from the lives of the students who have gone out from here. The Wingate students have made good and justify even the greater sacrifices for the school.

During the year 1920-21 the Wingate School has, for the first time, come to be enrolled as one of the accredited high schools of North Carolina. We have added, during the year, splendid laboratory equipment for the teaching of science, and have installed a system of electric lights for the school.

The home rented by the Principal was purchased by the Trustees and became a part of the school property.

During the session of 1921-1922 a complete system of waterworks was installed.

PRINCIPALS

The school has been exceedingly fortunate in the class of men and women who have done the work. M. B. Dry, now principal of a leading Farm-life School in the State, Cary, N. C., served as principal for twelve years, B. Y. Tyner, now occupying head of the Education Department of the State Normal, Fredericksburg, Va., served three years as principal with J. G. Carroll, associate. Mr. Carroll, now filling chair of mathematics, Wake Forest College, N. C., then served seven years individually.

These are all men of the highest type of Christian manhood. Scholarly, capable, efficient, thoroughly in love with their work, they have attained a high degree of success in their profession.

Miss Patty Marks, of Albemarle, N. C., graduate of Meredith College and a lady of fine Christian character, took charge of the work in the fall of 1918.

In the fall of 1919 C. M. Beach became principal of the school, and under his direction the school has made splendid progress.

LOCATION

Wingate is located on the main line of the Seaboard between Atlanta and Richmond. We are in the midst of a splendid agricultural people of high ideals and untiring energy.

In locating the school at Wingate the trustees were exceedingly fortunate. The place is noted for its healthfulness. The surrounding country presents an endless succession of hills and streams, and there is no local cause for disease. The people are

enterprising and prosperous, and the moral and religious tone of this community is unsurpassed.

There cannot be found within the limits of the State a more moral and law-abiding class of citizens than those who live in and around Wingate. They are industrious and honest and "live at home," with all that the term implies. The sentiment of the village is against those things which lower the moral ideals of a community. Cigarettes can not be bought here. Whoever patronizes the school may rest assured that both the mental and moral training of their children will be carefully and properly guarded.

BUILDING AND GROUNDS

The lot on which the administration building stands comprises ten acres. In addition to this the trustees own eight acres surrounding the school lot.

This building consists of six class rooms, two society halls, two music rooms, an office, library and auditorium.

DORMITORIES

The Stewart home for girls is a beautiful brick structure provided by the generosity of Brother G. M. Stewart and wife. This real home with all its conveniences and comforts is greatly appreciated by the girls themselves as well as by the trustees and all the friends of the school.

Miss Futrell, Lady Principal, will have charge at the girls' home, supervise their study and join with them in their recreation.

Professor Burris will live with the boys in their dormitory. This is our newest building, a three-story brick dormitory. All boarding boys will be required to room here, unless for special reasons they desire to live with close relatives in the village. Such arrangement must be definitely made with the Principal of the school.

The erection of these two new homes gives Wingate an equipment equaled by few of our secondary schools, and surpassed by none. The rooms in both these dormitories are furnished with bed, springs, mattress, table, washstand, heater, chairs, bowl, pitcher, and electric light. All other furnishings for the bed and room are to be brought by the students.

All pupils, teachers, and matrons who live in the school dormitories eat together in the common dining hall. Seats are assigned by the Lady Principal, who, with the other teachers, looks well to the table manners of the students. Plenty of plain food is served, sufficiently varied and well balanced to supply the needs of the body.

GENERAL RULES GOVERNING THE OCCUPANTS OF THE DORMITORIES

All are required to keep their rooms in order, and must pay for any damage done to the buildings or to the furnishings.

Rooms will be held for those who deposit one dollar as a guarantee of good faith, which amount will be counted on room rent when the pupil enters. Rooms will be reserved in the order the deposits are made, and cannot be held beyond the second day of the term. The first assignment of rooms is made July 1, and rooms will be held for the present occupants until that time.

The careless, ungenteel, rude or vicious will not be retained unless they mend their ways. Card playing and the use of tobacco in any form in the building is forbidden. Other regulations for the common good as to quiet, order, and general conduct are enforced, largely by the common impulse of right ideals.

Water and electric lights have been installed in both of these homes. Safety of the buildings, as well as safety of the students, demands that there shall be no tampering with the lighting system. No rearrangement of lights will be allowed without permission of the teacher in charge of the building.

RELIGIOUS INFLUENCES

The Wingate School is much concerned for the spiritual development of every student. We believe this to be the goal toward which all education should be directed. No matter what intellectual endowment a student may possess, nor how well trained he may be, unless he has religious training, he does not add any permanent asset to the world's good.

In the Sunday School the Berean, Fidelis and Pearl Johnson classes have accomplished much, and the young people are greatly interested in this work. Three sections of the B. Y. P. U. are A-1 and have done good work throughout the whole year. The moral tone of the student body is inspiring and uplifting. While neither the school nor the village is perfect, yet when compared with conditions elsewhere, we have an excellent environment for the institution.

In the B. Y. P. U. Study Course given by Mr. Perry Morgan and Miss Farrabow, 132 awards were taken. Mrs. Lydia Yates Hilliard, working with the Sunday School Board, also gave a course in "Plans and Progress." Fifty-six awards were taken in this course.

The weekly talks by Reverend J. Edwin Hoyle, our pastor, at the chapel hour have been very helpful and inspiring to the student body.

OFFICERS OF GLADSTONE AND McNEILL LITERARY SOCIETIES

OFFICERS OF PHILOSOPHIAN AND O'HENRY LITERARY SOCIETIES

These together with the prayer services conducted by the young men and young women in their respective dormitories give assurance that a student shall be surrounded by a strong, wholesome religious influence.

SUNDAY SCHOOL NORMAL TRAINING

No Sunday School is better than its teachers and officers. Realizing this fact, and, also realizing the urgent demand for more and better trained Sunday School workers, the Wingate School adopted the Sunday School Normal Training Course prescribed by the Sunday School Board, Nashville, Tenn., and gives every student a chance to elect some work in this course, and to prepare himself or herself for more and greater service. A diploma is given by the Sunday School Board on completion of the first book in the course.

EXPENSES

Notice must be given at the office when leaving school before any deduction from tuition will be made.

No student will be allowed to enter any department for less than one month.

TUITION

Literary Department	$5.00 per month in advance
Music	$3.50 per month in advance
Piano	50c per month, one period a day
Art	$3.50 per month
Voice	$3.50 per month

BOARD

Room rent in the dormitories is $2.00 per month for each student. Table board at actual cost averaged about eleven dollars per month last year.

A deposit of $10.00 in advance is required of each one who boards in the dormitory, which amount is deducted from the last month's board bill.

Boarding boys are required to room at the boys' dormitory. If girls are to board out, or do light housekeeping, definite arrangements must be made with the Principal.

No tuition will be refunded for absence from school except in cases of protracted sickness of one week or more. In cases of absence the patrons expect teachers to make up the work by special effort, and of course it would be unfair to put this work on teachers for less cost.

FEES

A contingent fee of $1.00 will be charged to each student. This fee will be used to cover breakage and damage.

A medical fee of $1.00 per term will be charged to boarding students, and any resident student wishing to take advantage of this may do so. This fee will cover charge for all visits for any period of illness, but will not include cost of medicine.

A matriculation fee of $2.00 will be charged each student. Upon payment of this fee a matriculation card will be given which must be presented before a student will be admitted to classes.

Ministerial students receive 50 per cent discount on tuition fees in the Literary Department. No reduction will be given to ministerial students who use tobacco in any form. Where possible work will be provided for students who desire to help themselves.

TO THE PARENTS

Students should not be allowed to run accounts at the store, and the school will advise merchants not to charge accounts unless parents order it.

Extravagance is one of the great sins of the age. Assist us to train against this evil by limiting the spending money of your boy and girl.

Be absolutely frank with us in regard to your children, as we shall be frank with you. We are working to the same great end of inspiring and training your child. Let us try to be mutually helpful in the task.

Frequent week-end visiting will not be allowed. All permissions for such visits must be written directly to one of the principals.

Not more than three such visits per term will be allowed, except on account of serious sickness or death in the family.

Do not expect your boy or girl to be excused from recitations for week-end visits. Special examinations will be given to all students who are absent from more than two recitations in any one month.

One dollar will be charged for each special quarterly examination. This amount will go to the library fund of the school.

We feel sure that the patrons will see that all of these regulations are for no other purpose than to guarantee to them the very best results for their investment with us. We, therefore, expect the heartiest co-operation in the carrying out of these regulations.

TO YOUNG MEN AND YOUNG WOMEN

Training has always been necessary before a person could pursue successfully his course in life. It has ever been the background of success, but in the present age those who are satisfied with the mediocre attainments in life must be prepared for the work they perform. Otherwise they become mere tools in the hands of the trained man

The demands for men and women of character is not decreasing. As the problems of life increase, the call for character comes stronger. A collection of facts does not guarantee character, but this training must be stabilized by and anchored in the principles of "The Great Teacher of Nazareth."

If you, young man or young woman, are dissatisfied with your present attainments and you yearn for broader spheres of service in life, remember that you have been given the power to overcome all obstacles and achieve success if you are willing to pay the price in determined will and honest effort. At Wingate we are ready to give you an encouraging word and a helping hand.

Our aim is to surround you with an environment which inspires, and to give you the training which prepares for the greatest and the best achievement. If you are interested, let us hear from you and aid you in making arrangements.

LITERARY SOCIETIES

GLADSTONE AND PHILOSOPHIAN LITERARY SOCIETIES

Every man possesses a talent for doing something. He must train himself to use this talent to the best advantage if he does his whole duty to God and men. In order to do this he must study and ponder over the things that detract from the value of these talents, and make a great effort to overcome these obstacles. He must learn to express in an intelligent manner the things he has been taught. This is true whatever his vocation may be. This being true, it is necessary to train men to express their thoughts intelligently.

The Gladstone and Philosophian Societies give exceptional advantages in this field of work. The societies have a program each week, consisting of a debate, declamations, extemporaneous speeches and current events.

No man gets the best out of school unless he joins one of these societies. The society spirit pervades the whole school. Students who fail in this work cannot usually be depended on in the class room.

Once during each quarter there will be a joint debate between the two societies leading up to the commencement debate, which is one of the most popular features of our commencement, and an occasion of much friendly rivalry between the societies.

For commencement, orators and declaimers are chosen by each society, and a medal is given in each contest. Usually the honors are about equally divided between the societies.

O. HENRY AND McNEILL LITERARY SOCIETIES

In the year of 1918 the Browning Society was divided into two Literary Societies which are now called the O. Henry and McNeill Societies. They are well organized and are growing and developing into organizations of which the school is justly proud. Each of these societies holds regular weekly meetings, and are doing most excellent work.

Programs are rendered weekly, and consist of music, recitations, readings, current events and debates. Each member is required to respond with whatever she is called upon to do, and we are glad to say that most of our girls do this with a willing spirit. With the encouragement of the Faculty the girls show great love and respect for the societies. Most of them realize what society

B. Y. P. U. OFFICERS

work means for those who make the best use of their advantages, and therefore they put heart and soul into the work of raising the organizations to a higher standard, and at the same time upbuilding and strengthening their own characters.

One society may not have more than three-fifths of the total membership of the two corresponding societies.

Members who do not meet the requirements of their respective societies are reported to the Faculty, and if expelled from society are expelled from school.

Only regular students in the school may be active members of the Literary Societies.

There are two well-equipped society halls—the Philosophian-O. Henry and the Gladstone-McNeill.

CLASS PERIODS

The opening exercises commence strictly at 8:30 in the morning and last thirty minutes. Seven recitation periods of forty-five minutes each follow, allowing for one recess and a noon hour. Students are required to report on exercises and recitations.

REVIEWS AND EXAMINATIONS

In order to secure thoroughness, frequent drills and reviews are given, and in no case are students excused from the quarterly examinations.

No credit will be given for Junior and Senior courses taken at other schools in Freshman or Sophomore year.

No final credits can be given for any work until examinations are taken.

Reports are sent to parents that they may see what their children are doing. Close attention to these reports on the part of parents is earnestly desired, together with their frequent advice and counsel. Don't allow your children to miss examinations.

ENTRANCE

Students should enter the first day, if possible, and remain through the entire term. The student finds it greatly to his advantage to begin with the other members of the class so he can have a fair show with them. Boys and girls delay entering because they hesitate to enter the lower classes. Don't make this mistake. You will be made to feel at home at Wingate.

LIBRARY AND READING ROOM

A suitable room has been arranged in the building for our library, which contains several hundred volumes of valuable books. The library committee have installed a system which gives this department efficiency and permanence. The students take advantage of the opportunities offered, and pleasing results are in evidence. A number of public documents come to the library, and these furnish excellent supplementary reading. Students have access to the magazines, daily and weekly papers which are kept in the reading room.

Debate libraries are obtained from the State librarian, and in this way the best literature available is placed in the hands of the students.

SCHOLARSHIP

Wake Forest College grants one scholarship to The Wingate School. This will be given to the young man of the Senior Class who makes the best average grade through his high school courses.

Coker College, South Carolina, also offers a scholarship. In awarding this scholarship, leadership in school activities is to count one-half and thoroughness in class work one-half.

These scholarships speak for the excellent reputation the Wingate School has made, and will aid many worthy young men in securing a college education.

ATHLETICS

The athletic life is now considered a part of school work, for education means physical as well as mental development. There is a splendid athletic field near the school. The following sports are specially encouraged: Baseball, basket-ball, tennis, and track. Both basket-ball and baseball teams did good work this year, and won a large percentage of the games played.

There are tennis and basket-ball courts for both boys and girls. A special effort will be made this year to have the girls play tennis and basket-ball. A track team will be organized and a field day arranged. Every student is expected to take part in some form of athletic life.

All sports are under the supervision of a member of the faculty. No student who is not making passing grades on three-fourths of his regular work will be allowed to play on a school team.

As a special incentive to good work, the athletic association grants the "W" to members of the basket-ball team and the "monogram" to the members of the baseball team.

Letter men: Carroll O., Carroll H., Parker, Nance, Peal, Helms, and Hargett.

Monogram men: Peal, Helms, Williams, Parker, Britt, Carroll O., Lowder, Hester, and Miller K.

THE RELATIONS OF TEACHER AND PUPILS

Every member of the Faculty for this year is a consecrated Christian, who is anxious to instill into the lives of boys and girls those principles which make life worth living. They are well prepared for the careful instruction of those in their respective departments. The motto: "Individual attention and personal helpfulness" will be carried out in all departments of the school as far as practicable.

The girls will be under the personal supervision of the lady members of the Faculty, and will have warm sympathy and care that is prevalent in the home life.

Only necessary communications between the boys and girls will be allowed, and the tendency to neglect duty for the social pleasures which sometimes exist in co-educational schools will be carefully restricted.

Few rules will be made, but kindness, help and firmness on the part of the teachers, and obedience, courtesy and respect on the part of the students, will, in our mind, largely obviate the institution of a great many of the sterner things known as law.

Boys will find that they have sympathetic helpers in the school room, on the athletic field, in the society halls, and, in fact, in every phase of school life, in the Principals of the school. They will at all times be ready to share a joy or a sorrow with you. SYMPATHY, HELPFULNESS AND FELLOWSHIP are the watchwords. "A sound body, a well-trained mind and a true, noble character for each student," is our motto. How well we have succeeded in our aim is shown by the work our students are doing wherever they go. "A tree is known by its fruit; a school by its results."

REGULATIONS

The following regulations are given in order that patrons may know the line along which discipline will be exercised:

1. Students must get permission from the Principal to leave the village more than a mile, or to be away from their boarding place after dark.

2. Smoking or using profane language in or around the school building is not tolerated.

JUNIOR CLASS

3. Card playing in all forms is considered harmful to students and is forbidden.

4. All students are required to join one of the Literary Societies.

5. Loafing around the depot or in the stores at any time is forbidden.

6. All boarding students will be responsible to the Principal for their conduct out of school as well as at the school building.

7. All pupils are held responsible for damage to school property. In cases where the person who is responsible for damage cannot be found, money for repairing it will be taken from contingent fee.

8. No student will be allowed to graduate from the institution who is in arrears with the school, either for tuition, board, or society dues.

9. No boarding student is allowed to keep a car at school, as it is too great a temptation to waste time and to break the school regulations.

10. No student may neglect any school duty for week-end visits.

Students who represent the school in any public function must make passing grades on at least three-fourths of their work; and must show a respectful attitude toward school regulations.

MEDALS AND PRIZES

The following are the medals offered:

A five-dollar gold piece is awarded at the close of the session to the best all around student.

A medal is offered by Holloway Brothers, of Monroe, for the best music student.

The W. J. Rudge Company, of Monroe, offers a gold medal to the best orator.

Mr. A. McNeill, Laurinburg, N. C., offers a gold medal to the best debater.

A gold medal is also offered by the Gladstone and Philosophian Societies to the best declaimer.

The O. Henry and McNeill Societies offers a gold medal to the best reciter.

As an incentive to work the Gladstone and Philosophian Societies offer two medals each for improvement in debate.

Through the kindness of Mr. W. C. Sanders, of Monroe, we are offering the O. M. Saunders essay medal for the coming year. This contest is open to all students in the school who attend the whole year and who average 90 on all their regular school work. The points on which the essays are to be judged will be named by the teacher of English.

OUTLINE OF INSTRUCTION

ENGLISH

MISS FUTRELL

The chief object of the course in English is to teach the fundamentals of English Grammar and Rhetoric, to give frequent practice in composition and to develop a keen appreciation of the masterpieces of English Literature. To this end the following course is offered:

I. Composition, Literature and Grammar Review. Five periods a week (Reed and Kellog). Literature for study: Evangeline, Courtship of Miles Standish, and Legend of Sleepy Hollow. For supplementary reading: Romeo and Juliet, Silas Marner.

II. Composition and Literature. Five periods a week. Brooks' Composition. Literature for study: The Great Stone Face. Sohrab and Rustum, Ancient Mariner. For reading: Treasure Island, Ruth and Esther, Tom Brown's School Days, Merchant of Venice.

III. Composition and Literature. Five periods a week. Claxton and McGinniss Effective English. Literature for study: Julius Cæsar, Macaulay's Life of Johnson, Tennyson's Coming of Arthur, Palgrave's Golden Treasury of Songs and Lyrics, As You Like It. For reading: Selections from Poe's Prose Tales, Ivanhoe, Tale of Two Cities.

IV. Literature and Composition. Five periods a week. Brooks and Hubbard's Composition-Rhetoric, Part II. Literature for study: Macbeth, Milton's Minor Poems, Washington's Farewell Address, The De Coverley Papers, Burke's Speech on Conciliation. For reading: David Copperfield, Pride and Prejudice.

COURSE III

Bennett's Latin Prose. Cicero's Orations Against Cataline—Six Orations. Construction emphasized.

COURSE IV

Virgil's Æneid—Six Books.

HISTORY

MISS FUTRELL

The importance of History in the curriculum is being recognized more from year to year. This subject is given adequate recognition in the comprehensive course of study which follows:

I. Outlines of Europeans History, Part I—Robinson and Breasted.

II. Outlines of European History, Part II—Robinson and Beard.

III. American History—Muzzey.

In the European History Courses, special emphasis is placed on English History. In both the European and American History courses modern problems are emphasized.

BASKETBALL TEAM

FRENCH

MISS MCDANIEL

I. Fraser and Squair's French Grammar, Part 1; Super's French Reader. L'Abbe Constantin (Halevy), 250 pages reading.

II. Advanced Grammar: Written Exercises; Translation; Sight Reading. 500 pages.

Text used: Grammar (Fraser and Squair), Part II; Colomba (Merimee); Huit Contes Choisis (de Maupassant); La Chute (Victor Hugo); La Mare au Diable (Sandy).

SCIENCE

MISS MCDANIEL

COURSE I

Everyday Science—Snyder (Allyn and Bacon)—Given in the Fall. A minimum of 20 experiments will be required from each pupil. Class work made practical by the use of the laboratory equipment.

The Human Body—Martin and Fitz (Henry Holt & Co.)—A thorough study of this book in the Spring. Laboratory equipment will be used as far as possible.

COURSE II

Physics—Carhart and Chute (Allyn and Bacon)—Designed to meet College entrance requirements. Each member of the class will be required to complete at least 30 experiments in the laboratory.

TEACHER TRAINING DEPARTMENT

MR. BEACH

Teaching the Common Branches (Charter).

Teaching Children to Read (Klapper).

New School Management (Seeley).

Seven Laws of Teaching (Gregory).

In addition to the text books named, a brief course in elementary psychology will be given.

During the last quarter, a careful review of public school branches will be given with methods of presenting each. It is the purpose of this department to equip our students for teaching in the public schools of North Carolina and South Carolina. Full credit will be given by the State Department of Education for this work. Only juniors and seniors will be allowed to take this work.

DEPARTMENT OF BIBLE

MR. BEACH

During the past year the work of this department has been unusually satisfactory. The course consisted of Normal Manual,

Winning to Christ, Studies in Old Testament, Studies in New Testament, Talks to the Training Class, Seven Laws of Teaching.

This course is now required for graduation and a full unit of credit is given for it. In this department we seek to meet the special need for a Christian school. The unit unquestionably gives as much training as other units in our course, and at the same time seeks to implant Christian ideals and train for Christian activity.

More than 450 awards in the Sunday School and B. Y. P. U. course were obtained during the past year.

VOICE

MRS. HOYLE

It is the purpose of this department to train for correct breathing; mouth, lip and tongue exercises; exercises in strong enunciation; strengthening of the diaphragm; and proper registration of the voice. Effort will be made through lessons given twice a week and daily practice by the pupil, to develop a capacity for the natural and proper use of the voice to the best advantage in the method of singing.

The course pursued will be: Mathilde Marchesi's, Part I; Elementary and Progressive Exercises, Part II; Development of the Exercises in the form of Vocalises; Practical Solo Interpretation.

Recital work will be encouraged for those who can be advanced to that extent. Evangelistic solo interpretation will be given special attention.

ART

MRS. HOYLE

The study of the art of painting makes its own appeal. All nature is the handiwork of God and relates us to His plan with an innate desire which longs for and loves the perfect order and the beauty of His universe. There is no technical study which so proves God's ideal to be beautiful in all things as the study of art. It is the purpose of this department to develop the love of the beautiful as well as to have the visible production in the form of pictures to beautify the home of the proud parents of the student.

Lessons will be given in freehand pencil and charcoal drawing, in Vere Foster's Course of Studies, Vere Foster's Water-color Series, and Pastel Paintings. Lessons in Shading, Advanced Water-color Painting, Oil Painting.

Hours with teacher weekly, on Monday, 9:00 to 12:00 A. M.; Friday, 3:30 to 5:00 P. M. A public exhibition of the work done

through the year will be a feature of the commencement. Materials will be furnished at cost plus transportation, paid in advance of orders made, as cash insures the best and most economical service.
